Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

The closest prior art of Duffy et al (2002/0097552) do not teach or fairly suggest the instant compounds because eventhough the claims overlap, subsequent application of the In re Baird test show that the examples and hence guidance given lacks the motivation to go from a cyanothiophene-diphenyl to a cyanothiophene-oxadiazole.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Deborah C. Lambkin whose telephone number is 571-272-0698.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Joseph McKane, can be reached on 571-272-0699.
